Introduction

The parish consists of the adjoining villages of Quendon, Rickling Green and Rickling which are considered as one entity. Most of the residences in Quendon are on, or near, the busy B1383 road (old A11) which carries about 11,000 vehicle movements per day and this is probably the area where a major incident is likely to occur.

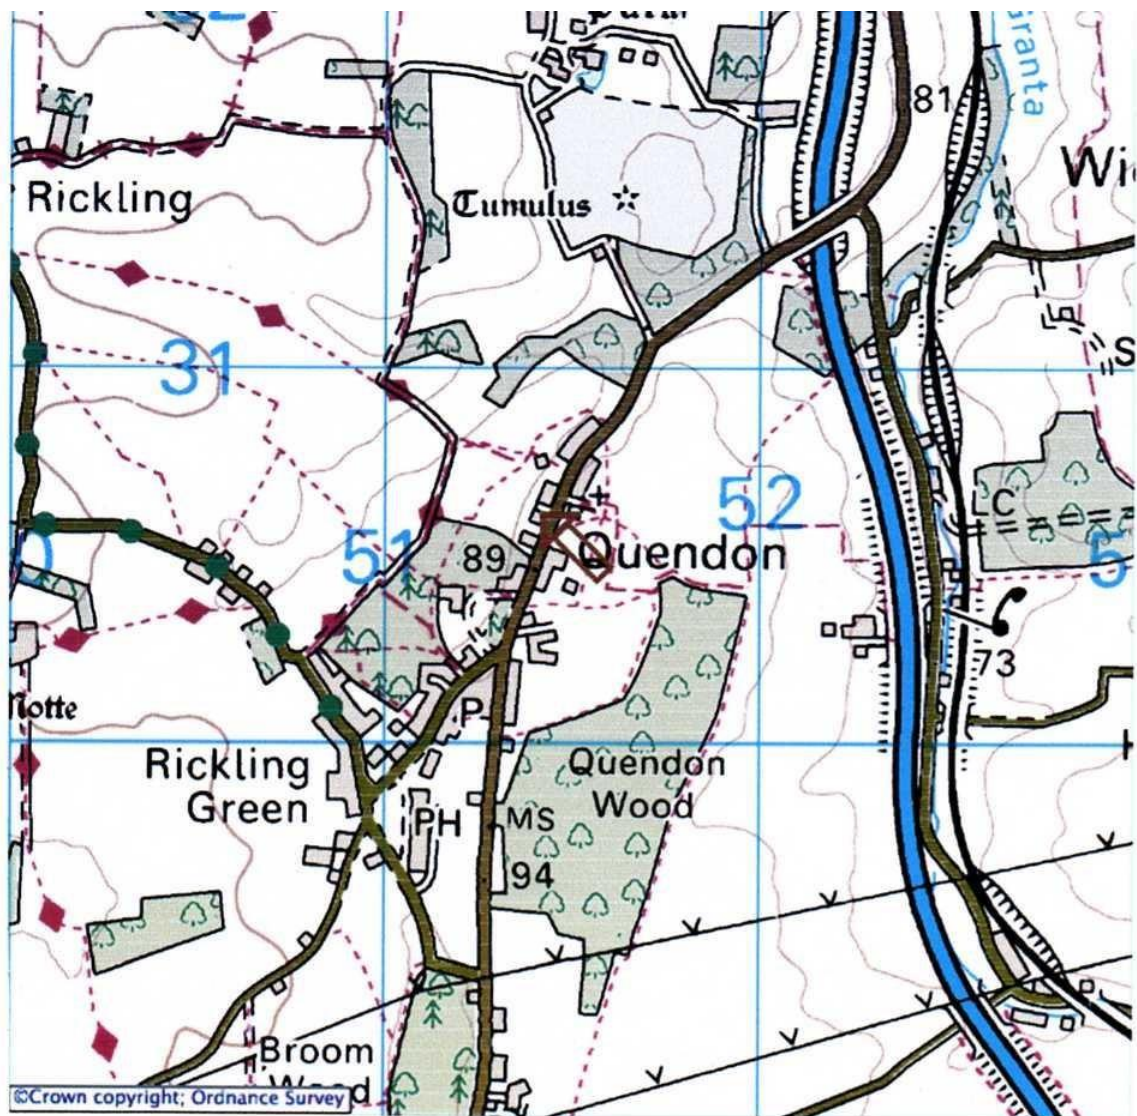

The M11 motorway and the Cambridge/London mainline railway are on the eastern boundary. These are also potential areas where a major incident could occur. There is a farm access underneath the motorway and a public footpath across the railway line which is not controlled.

Major flooding is not a risk.

The villages are predominately residential (approx. 300 properties) with a population of approximately 620. The only institution is a primary school (in Rickling Green) with a capacity for 105 children and the village hall (on B1383).

There is a Public House/Restaurant (The Cricketer's Arms) adjacent to the school and overlooking the cricket green. Maces Farm is also adjacent to the cricket green, farm land and woods are managed by Pegasi.

Sporting facilities are a football pitch on the western side of the B1383, a cricket pitch and club house in the middle of the village and the bowling green and clubhouse on the eastern side of the B1383.

Definition of an Emergency

The definition of an Emergency as given by the Civil Contingencies Act 2004:

‘An event or situation which threatens serious damage to human welfare in a place in the UK, the environment of a place in the UK, or war or terrorism which threatens serious damage to the security of the UK.’

Purpose of the Plan

The purpose of the Parish Emergency Plan is to assist and facilitate the work of the Professional Emergency Services. The plan therefore documents all useful information and resources that might assist the Emergency Services in responding to an incident within the Parish.

Other Key Organisations Roles

Local Authorities: provide support for the emergency services, support and care for the local and wider community and the co-ordination of the response by organisations other than the emergency services. When the emphasis of the incident switches to recovery, the local authority will lead the co-ordination of response in rehabilitating the local community and restoring the environment.

The Voluntary Sector: can provide support when the resources of the emergency and local authorities are over-stretched. They can also assist local authorities in providing social and psychological care. (Organisations include WRVS, St. John Ambulance, British Red Cross, Radio Amateurs Emergency Network, Salvation Army, The Samaritans and the clergy).

Parish Council's Role

The role of the Parish Council in an emergency situation:

- Disseminating useful information to the local population
- Providing local knowledge and information to the Emergency Services
- Assisting District Councils in the identification of premises suitable to be used as Rest/Reception Centres for victims of an incident
- Assisting in the setting up of and facilitation of public meetings
- Attending and contributing to the incident debriefing process
- Distributing completed Plan to the District Council and ensure they are kept abreast of updates and reviews
- Being aware of vulnerable members of the community (disabled, elderly, ill, etc)

Quendon & Rickling Resources:

Buildings that could be used as temporary accommodation and reception centres:

- Village Hall (Mrs Christine Osbourn 01799 543367): Is on the west side of the B1383 and has a large car park. The building has two large rooms and has held meetings for 70/80 people in the larger room. There is a kitchen and also toilet facilities.
- Primary School (01799 543274): Has a capacity for 105 pupils.
- The Cricketer's Arms (Tel. No: 01799 619260) public house & restaurant which also has accommodation, 10 rooms.

- Quendon Hall: It is used as a wedding venue (Tel: 01799 543800) and has a large permanent marquee, 7 bedrooms in main house and 14 in various cottages in the grounds.
- Quendon Church
- Rickling Church

Mechanical equipment (subject to consent of owners and availability) such as tractors, pumps, generators etc.

- Pegasi 01799 543289

Defibrillator:

A defibrillator is situated in the porch of the Village Hall, which is on the B1383 Cambridge Road, and also at Rickling Primary School,. The unit is secured by a code operated lock which is known to the 'Q&R Defibrillator Team' but would be provided to a member of the public making a 999 call to the ambulance service, should an incident occur. The Defibrillator Team have all had training in its use and in basic resuscitation techniques.
